## How to **submit** your Use Case 📤

1. Submit your use case via the **below button**.
2. **Provide** all required **details.**
3. Review all submitted information to ensure it meets our [Responsible Use Guidelines](#).
   Once confirmed, click “Submit”.

4. **Your submission will be reviewed** by the selected use case approver. Check the approval status column of your use case on SharePoint. **If needed, revise your use case based on the feedback** and inform the approver when updated.
5. **Once approved**, your use case will be **visible for everyone** in the Finance use case library!

## Responsible Use Guidelines

When creating and submitting a use case, follow the same responsible use guidelines as when working with M365 Copilot. Ensure your submitted use case meets the requirements below:

### Requirements for any submitted use case:

1. **Avoid sensitive or unauthorized information**: Do not include *Top Secret, Personally Identifiable Information (PII),* or other restricted data types in your use case. Refer to the **M365 Copilot Information Sources** for guidance.
2. **Anonymize examples**: Ensure example prompts do not reveal sensitive or personal information (e.g., employee names).
3. **Validate outputs**: Always verify, validate, and cross-check any Copilot-generated content used in your use case.

*Note: All submitted use cases are reviewed by appointed sector approvers. Only approved use cases are made visible to others.*
