Introduction

The Copilot Ambassador Network aims to ensure the successful adoption of Microsoft 365 Copilot across ASML by connecting designated sector ambassadors who drive engagement, knowledge sharing, and end-user guidance. Its purpose is to build a collaborative community that supports implementation, adoption, and successful license distribution, empowering employees to leverage Copilot effectively.

Who are Copilot Ambassadors?

ASML employees designated by their Sector Leads to support the adoption of M365 Copilot within their department. Responsible for supporting user engagement, knowledge sharing, and end-user

guidance towards supporting resources.
